CALLS PRESIDENT "WORLD MENACE"

Reds Hail Him As Leader, Pointexter Tells Long Island Republicans.

LONG ISLAND CITY, N. Y., Sept. 28.—United States Senator Miles Pointexter of Washington yesterday addressed a mass meeting of Republicans at Queens county at Iveshoe Park, at a celebration of the "sixty-fifth anniversary of the organization of the Republican party."

The Senator scored President Wilson as "the world's worst menace" and declared that radical labor leaders, following out Wilsonian theories and suggestions for "the democratization of industry," now are seeking to bring about "a dictatorship of the proletariat" with the final overthrow of republican form of government.

Furthermore, Senator Pointexter declared, instead of opponents of the peace treaty and covenant being pro-Germans and Bolsheviks, as the President has averred in recent speeches, it was the President himself who was the greatest pro-German in the country. The President, he said, had been forced into the war against Germany by an irresistible public opinion solely against his will and had tried as late as 1918 to precipitate a negotiated peace and defeat the aims of the allies.

"Metaphysical Tragedy," The Senator said in part: "The President is the world's worst menace. He stated, according to the report filed with the Foreign Relations Committee, that the effect of his speeches was 'the metaphysical tragedy of the day.'"

"I don't know exactly what a metaphysical tragedy is, but it is certainly a tragedy. The reds of the world regard him as their leader. His abuse of power in coming to the rescue of the dynamiter Mooney in California, the murderer Hillstrom in Utah, the anarchist Robert Minor in France, and in attempting, and succeeding to some extent, to set aside the processes of civil and military justice in the punishment of these criminals, has justified the revolutionists and anarchists on the looking upon him as their friend."

"His declaration for the 'democratization of industry' is used by the extreme radicals in the labor union movement as a basis of their demand that the railroads of the country shall be purchased at public expense and put under the control of the employees, which means under the control of their unions. That means, in many instances, the control of this vital agency and public function of government by a handful of labor dictators. It is a part of the program of the far-famed 'dictatorship of the proletariat.'"

TRAIN WRECKED IN VIRGINIA, 3 KILLED

PETERSBURG, Va., Sept. 28.—Seaboard Air Line train No. 5, bound for Jacksonville, was wrecked last night about three miles south of this city.

So far as can be learned the killed number three, including the engineer, fireman, and another, believed to be a tramp, beating his way. The body of the engineer was recovered. His name has not been learned.

The fireman, name not yet known, is thought to be buried under the coal from the overturned tender. No passengers were injured.

SHIP MEN MEET TO TALK STRIKE

SAN FRANCISCO, Sept. 28.—Plans for a coastwise strike of shipbuilders to be called for October 1, will be formulated at a meeting in Tacoma, Wash., today.

The strike will be directed entirely at the United States Shipping Board, which stepped into the coast situation after men and employers had arrived at an agreement.

Two hundred thousand men, the union leaders claim, will demand by striking that they be allowed the 3 cent increase agreed to on October 1. The Shipping Board has ordered yards holding Government contracts not to increase wages until after the President's industrial conference, October 6. The order does not affect the coast after that date.

The yards here—the Schahaw-Ratchett, Moore and Scott, the Union Construction Company, have announced they will pay increased wages October 1.

JOHNSON TALKS IN FRISCO WEDNESDAY

Senator, in Chicago, Expresses "Abiding Faith" in People of California.

CHICAGO, Sept. 28.—Senator Hiram Johnson, who is en route to California to resume his speaking campaign against the League of Nations, gave out a statement in which he expressed "an abiding faith" in the people of California, his home State.

The Senator's statement was taken as an answer to press dispatches of the day telling of his receipt of a telegram from Californians asking him to withdraw his opposition to ratification of the treaty without reservations.

Senator Johnson stopped here for a few hours en route from Washington. He was accompanied by Mrs. Johnson. They continued their journey to the coast last night. Senator Johnson expected to make his first speech at San Francisco Wednesday night.
